

## Request Member Tickets for In Person Services

*Services will be scheduled based on member feedback about which services they most want to attend as well as anticipated capacity restrictions. Our goal is to have any member who wants to worship in person be able to do so for at least one service.*

*All services will be livestreamed on our website as a robust, engaging experience open to all members and guests.*

*In-person services are currently only available to members who are listed in the Temple Sinai membership directory. Typically, this means everyone who lives in your house. An online request form can also be found at [www.templestinaidc.org/hhd2021](http://www.templestinaidc.org/hhd2021). Requests should be submitted one time per member family.*
